

LOYALTY ISLANDS & ISLE OF PINES

These islands of New Caledonia open up a whole new world to explore. But they're still under 3 hours from Sydney and just a 45 minute flight from Noumea.

OUVÉA

[Ouvéa](#) is one of the most beautiful atolls in the Pacific. Only 35km long with a white sand beach extending for 25 km, it has a single road running along the beach front, bordered with coconut palms facing the lagoon.

LIFOU

[Lifou](#) is the largest island of the four with 10,000 residents. With immaculate beaches, precipitous volcanic cliffs, deep tropical forests, immense caves and a long history, it is a wonderful place to spend a few days exploring

MARÉ

[Maré](#) is half the size of Lifou with an area of 650 km². It has a wild beauty, with deeply carved cliffs, basalt rocks, dark forests, and long undisturbed beaches. And dotted with numerous caves and pools containing fish and turtles

ISLE OF PINES

If you want to just get away, take long walks, swim, snorkel, dive, meet the local people or simply lay on magnificent, deserted, white sand beaches, then this is for you. Its not called the "[Jewel of the Pacific](#)" for nothing!

OUR PEOPLE

On your visit to these islands, the [Kanak](#) people will welcome you into their homes and show you what goes on in their daily lives. Showing respect and asking first of course is always appreciated.

ACCOMMODATION

We just had to use this amazing pic! But you can choose from a 5-star luxury resort on the [Isle of Pines](#), through to mid-range beach front bungalows or tribal lodgings like this on any of the islands.
